Re. Self Declaration for Recycled Content.

I confirm that the following listed paper products contain the specified total recycled and post-consumer recycled content. I understand that post-consumer waste includes waste from industrial paper consumers (e.g. Printers, packaging companies) but not in-house recycling at paper mills (mill broke) or waste products from the forestry/timber/saw mill industry. I understand that this declaration expires two years from its submission to the Ministry for the Environment.

	Total Recycled Content (%)	Post-consumer recycled content (%)
<i>Add paper products</i>		
<i>Canon 100% Recycled</i>	<i>100%</i>	<i>Min 50%</i>

I hereby confirm that the information detailed above is true and correct.

I will immediately advise the Ministry for the Environment if the recycled content or post-consumer recycled content changes from that declared above.

Regards,
