Name of submitter: Russell McKendry, 39 Parapara Beach Road, R D 2, Takaka, 7182

This is a submission on an application from the *New Zealand and North Canterbury Fish and Game Councils and the New Zealand Recreational Canoeing Association* for a water conservation order for *Hurunui River*.

I would request that any groundwater take that has a measurable stream depletion effect on the surface waters of the Upper Hurunui Waters would be prohibited.

Also a prohibition on damming, and minimum standards for fish screening in respect of all takes and diversions, of the Lower Hurunui River.

My submission is:

I give my unqualified support to the application for a Conservation Order.

I wish that the wild amenities for fishing, tramping, kayaking and other outdoor recreations be maintained for future generations. I have had the advantage of these opportunities all my life and can attest to the healing effects available in the special area under discussion.

I seek the following decision from the special tribunal:

Granting of the Conservation Order as requested by the primary Applicants.

I do not wish to be heard in support of my submission.
