Name of submitter: R. Lucy & S. Bartlett.

This is a submission on an application from the New Zealand and North Canterbury Fish and Game Councils and the New Zealand Recreational Canoeing Association for a water conservation order for Hurunui River.

My submission covers and supports all of the application, but in particular relates to: [include - whether you support or oppose the order; and the reasons for your views. Describe here your experiences on the Hurunui, and why it is important to you that it is protected. Attach further information if you wish to].

The Hurunui is one of the few truly unspoiled high country rivers with beautiful scenery & clean unpolluted waters.

It is a truly "high country river" & is a significant treasure in the Southland high country - its attributes are now rare in the South Island and it must be protected.

It has a significant fishery & attracts anglers from world wide.

Its white water recreational attributes are also significant.

It must not be desecrated by irrigation abstraction & hydroelectric power dams.  
We support the order.

I seek the following decision from the special tribunal:

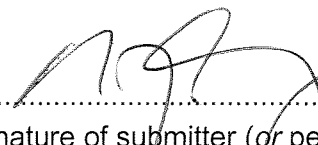

[Give precise details, including the general nature of any changes sought to the order or indicate your support for the water conservation order as has been sought. If you support the angling sections of the Hurunui being protected in their current state, such as the North and South Branches, tributaries, and sections of the mainstem upstream of the Mandamus confluence, then make a statement to this effect].

We support the water conservation order as has been sought.
