

I seek the following decision from the special tribunal:

[Give precise details, including the general nature of any changes sought to the order or indicate your support for the water conservation order as has been sought. If you support the angling sections of the Hurunui being protected in their current state, such as the North and South Branches, tributaries, and sections of the mainstem upstream of the Mandamus confluence, then make a statement to this effect].

Angling sections must be preserved for future generations.
