

Form 30  
Submission on publicly notified application for water conservation order  
or for revocation or amendment of water conservation order

*Sections 205 and 216, Resource Management Act 1991*

**To** Kawarau River Water Conservation Order

Name of submitter: Bruce Stuart Lambie

This is a submission on an application from Otago Fish and Game for a water conservation order for the Nevis River.

*[Briefly describe the application and the reasons for the application.]*

Conservation Order for the Nevis River

The specific parts of the application that my submission relates to are:

To prohibit dams on the river and set minimum river flows to protect the fishery and the amenity values.

My submission is:

I support the Water Conservation Order for the Nevis River

Reasons

1. This river has outstanding scenic and recreation values but has relatively easy access so can be visited by most people.
2. There are very few unmodified rivers of this size and type in Central Otago so every effort should be made to preserve this river in its natural state.
3. When visiting the Nevis Valley as I have on several occasions I have been struck by the rugged beauty of the landscape. This is such that it should be preserved for present and future generations to experience and enjoy, in an unmodified state.

I seek the following decision from the special tribunal  
To grant a Water Conservation Order for the Nevis River

I do not wish to be heard in support of my submission.

\* If others make a similar submission, I will consider presenting a joint case with them at a hearing.

\* Delete if you would not consider presenting a joint case.

Bruce Lambie .....
