

Form 30
Submission on publicly notified application for water conservation order
or for revocation or amendment of water conservation order

Sections 205 and 216, Resource Management Act 1991

To Kawarau River Water Conservation Order

Name of submitter: Francis Eric (Frank) Marvin

This is a submission on an application from Fish & Game for amendment of a water conservation order

[Briefly describe the application and the reasons for the application.]

I wish to see the Nevis River absolutely and irrevocably protected from any damming on the basis that this river and valley are so achingly beautiful that the comparatively small amount of power planned to be generated would simply not be worth the destruction of such a pristine area as the Nevis Valley.

The specific parts of the application that my submission relates to are:

As above

My submission is: I support the application for amendment of the order

[include –

- *whether you support or oppose the order; and*
- *the reasons for your views].*

[If you support the order, but prefer to preserve a different but related water body in the same catchment, state this and your reasons.]

[If you support the order, but prefer to preserve different features and qualities of the water body, state this and your reasons.]

** [In giving reasons for these preferences, you must refer, if practicable, to the matters set out in sections 199, 200, 207 of the Resource Management Act 1991. You must also describe the provisions that you think should be included in the order and the effects that those provisions would have on the water body.]*

** Not applicable if your support for the order is unqualified.*

[If you oppose the order, you must give reasons why the order is not justified in terms of sections 199 and 207 of the Resource Management Act 1991.]

I seek the following decision from the special tribunal: An amendment to the Kawarau River Water Conservation Order that removes without all doubt any possibility of damming on the entire length of the Nevis

[give precise details, including the general nature of any changes sought to the order].

I do not wish to be heard in support of my submission but if others make a similar submission, I will consider presenting a joint case with them at a hearing.

* Delete if you would not consider presenting a joint case.
