

Form 30
Submission on publicly notified application for water conservation order
or for revocation or amendment of water conservation order

Sections 205 and 216, Resource Management Act 1991

To [*name of special tribunal*]

Name of submitter: [*wayne allen*]

This is a submission on an application from Wayne Allen for a water conservation order (*or* for a revocation *or* amendment of a water conservation order) for Nevis Valley River..

I support the Fish and Games application to amend the Kawerau river conservation order(nevis river)

The specific parts of the application that my submission relates to are:

To prohibit the damming of the Nevis River for hydro activity.

My submission is:

- *To prohibit the damming of the Nevis river.*
- Hydro dams need to be closer to the population that they are being targeted for ie. Small valleys in the north island. To much energy is lost in the lines transporting the electricity .Also where the rain is more consistant, ie .small valleys in the north island.
- This is an area of outstanding natural beauty and needs to be left as such for recreationalist to enjoy . The dam and manmade lake would change this forever and could not be reversed.

I seek the following decision from the special tribunal:

To amend the Kawerau river conservation order to prohibit the damming of the Nevis River.

I do not wish to be heard in support of my submission.
