Return by 15 November to:

The Special Tribunal
Oreti River Water Conservation Order
Ministry for the Environment
Te Waipounamu House
Level 7, 158 Hereford Street
PO Box 1345
Christchurch

And as soon as practicable to:

NZ and Southland Fish & Game Councils
C/- Anderson Lloyd Caudwell
Otago House
10th Floor
Moray Place/Princes Street corner
Private Bag 1959
Dunedin

Summary of application

The applicant seeks protection of:

- the main stem of the Oreti River upstream of Mossburn
- Weydon Burn, Windley River and all other tributaries upstream of Lincoln Hill
- Groundwater connected to the surface water of the river from Mossburn upstream to the headwaters

In recognition of the following outstanding features and characteristics

- Natural state, wild and scenic
- Fishery and angling amenity
- Habitat for trout and wildlife
- Value in accordance with tikanga Maori,

The outstanding features and characteristics are to be protected by prohibiting damming; restricting the taking of surface water and groundwater, restricting alteration of river flow, form or water quality; and the maintenance of fish passage.

The applicant also seeks protection of the main stem of the Oreti between Mossburn and the bridge at Wallacetown, for:

- Its necessary contribution to the outstanding angling and fishery values upstream.
- This necessary contribution is to be protected in this stretch by a prohibition on damming, which will enable fish passage to be maintained.

The application is supplemented by further information provided to the Minister in July and August 2005.
