Please tick the relevant boxes on the next page to identify whether you are making a submission on all applications for resource consent and notices of requirement or just some of them (please identify).

Please also indicate on the back of this form (✓) whether you support, oppose, or are neutral in relation to the applications. If you are making a submission only on parts of an application for resource consent or notice of requirement, please note this when specifying the reasons for your submission.

The reasons for my/our submission are: "Noise level" If you are attaching further information tick for yes

- 1- With the predicted noise level from the turbines at 39 decibels at our location, if this becomes an issue, ie can't sleep at nights etc. We want a guarantee turbines will be shut down.
- 2- Volume of traffic - Our 3 children will be biking to and from school (2km) with the huge increase of traffic on our road, we would like a shut down period on wind farm traffic from 8.15am to 9.00am and 3.00pm to 3.45pm to ensure our kids safety.

I/we seek the following decision from the Board of Inquiry (provide precise details including the nature of any conditions sought):

Please use more pages if you need to.

Use a clear tick in the appropriate box below (✓)

I/we wish to be heard in support of my/our submission (to speak at the public hearing).

I/we DO NOT wish to be heard and hereby make my/our submission in writing only.
