If you are making a submission only on parts of a notice of requirement or application for resource consents, please note this when specifying the reasons for your submission.

The reasons for my/our submission are:

If you are attaching further information tick for yes

That there has not been enough thought gone into the process. These transmission lines are unsightly and a disputed health hazard. The idea of having a 65 metre corridor is in itself ridiculous. This is prime NZ land and to have this eyesore developed on our doorstep is deplorable.

Please use more pages if you need to.

I/we seek the following decision from the Board of Inquiry (provide precise details including the nature of any conditions sought):

Not to grant approval under the RMA and to investigate alternative forms of transmission or generating locations.

Please use more pages if you need to.

Use a clear tick in the appropriate box below (✓)

I/we wish to be heard in support of my/our submission (to speak at the public hearing).

I/we DO NOT wish to be heard and hereby make my/our submission in writing only.
