Please tick the relevant box below to indicate whether you are lodging a submission or applications for resource consents or just come to them (please tick only)

Please also tick the appropriate box on the back of this form (✓) whether you support, oppose, or are neutral to the proposed requirement and applications for resource consents. If you are making a submission only or opposition only or consent or application for resource consents, please note this when specifying the reasons for your response.

The reasons for my/our submission are:

This affects us as we are in close proximity to the proposed corridor. Also the direction taken by the corridor will affect an ecologically sensitive area (Maungatautari Ecological Reserve) which is very important to all.

If you are attaching further information tick (✓) for yes Please use more pages if you need to.

I/we seek the following decision from the Board of Inquiry (provide precise details including the nature of any conditions sought):

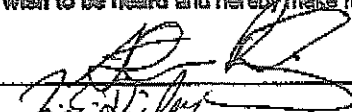

Please oppose this overhead transmission line. If it can go underground in Auckland it can go underground completely. Further investigation into alternate power supply options is required. We believe Auckland would be the perfect area to introduce nuclear power to New Zealand.

Please use more pages if you need to.

Use a clear tick in the appropriate box below (✓)

I/we wish to be heard in support of my/our submission (to speak at the public hearing).

I/we DO NOT wish to be heard and hereby make my/our submission in writing only.
