This submission relates to the notices of requirement and/or applications for resource consent, lodged by Transpower New Zealand Ltd for the North Island Grid Upgrade Project, and identified below.

CLOSING DATE FOR SUBMISSIONS: 5 OCTOBER 2007

My/Our Full Name(s): Karl Summers
Postal Address: 927 TeMiro Rd, RD4, Cambridge
Wk Ph: Hm Ph: 07 823 0969 Cell:
Wk Fax: Hm Fax: Email: dodge1@xtra.co.nz

The reasons for my submission are:
I am completely opposed to Transpower's intention to build this un-needed line, as the demand growth projections of the Electricity Commission (2007 SOO) do not justify its construction.
Better equal benefit alternatives to this proposed line are available that have a much reduced environmental impact...
I oppose this line being built on a 65 metre wide easement, when a 600 metre wide easement, free of houses and workplaces, should be required...
I oppose large scale HVAC transmission lines being built on narrow 65 metre wide easements because of the EMF emissions and ionized particle emissions that will come from this line...
I oppose these applications because Transpower has falsely (and perhaps criminally) tried to justify the need for this line being built by using out of date and inaccurately high demand growth forecasts (2005 SOO)...

I/we seek the following decision from the Board of Inquiry (provide precise details including the nature of any conditions sought):
That the application for Notices of Requirement and Resource Consents should be turned down completely, and Transpower directed to investigate generation, conservation and transmission alternatives that will avoid this line being built under any circumstances.
I explicitly do not want the Board of Inquiry to approve the applications subject to conditions - I want the applications turned down in whole.

I/we wish to be heard in support of my/our submission at the public hearing, and expect I will need between one and two hours to present my evidence. I would like the location of the portion of the hearing which will receive my evidence to be held in a local venue near to where I live.
