Please tick the relevant boxes on the next page to identify whether you are making a submission on all notices of requirement and applications for resource consents or just some of them (please identify).

Please also indicate on the back of this form (✓) whether you support, oppose, or are neutral in relation to the notices of requirement and applications for resource consents. If you are making a submission only on parts of a notice of requirement or application for resource consents, please note this when specifying the reasons for your submission.

The reasons for my/our submission are: I am completely opposed to Transpower's intention to build this ~~unneeded~~ line. Better equal benefit alternatives to this proposal are available that have a much reduced environment impact. The E.M.F. emissions and ionized particles emissions that will come from this line, have been proven to cause numerous diseases, including childhood leukaemia. I also oppose this line being built very close to the local Primary School - Tauhei Combined School.  If you are attaching further information tick for yes. Please use more pages if you need to.

I/we seek the following decision from the Board of Inquiry (provide precise details including the nature of any conditions sought):

That the application for Notice of Requirements and Resource Consents should be turned down completely.  
I do not want the Board of Enquiry to approve the application.

Please use more pages if you need to.

Use a clear tick in the appropriate box below (✓)

I/we wish to be heard in support of my/our submission (to speak at the public hearing).

I/we DO NOT wish to be heard and hereby make my/our submission in writing only.

Signature(s): M. C. Stark

Date: 2-10-07

(Signature of submitter, or person authorised to sign on their behalf is required. Note signature is not required for electronic (email) submissions. If this is a joint submission by two or more individuals, each individual's signature is required.)
