Please tick the relevant boxes on the next page to identify whether you are making a submission on all applications for resource consent or just some of them (please identify).

Please also indicate on the back of this form (✓) whether you support, oppose, or are neutral in relation to the applications. If you are making a submission only on parts of an application for resource consent, please note this when specifying the reasons for your submission.

The reasons for my/our submission are: This wind farm if you are attaching further information tick for yes would be situated in Palmerston North's only area of natural beauty. The existing wind farm is now looking and to many people sounding extremely ugly. A wind farm of this size should not be allowed close to private residences or in a designated reserve. I understand New Zealand need for power, but the country has not yet begun to learn how to conserve energy. Palmerston North has already done its share. Please use more pages if you need to.

I/we seek the following decision from the Board of Inquiry (provide precise details including the nature of any conditions sought):

Refusal of the application by Mighty River Power Ltd. for Resource Consent for the proposed Turitea Wind Farm.

Please use more pages if you need to.

Use a clear tick in the appropriate box below (✓)

I/we wish to be heard in respect of my/our submission (to speak at the public hearing).

I/we DO NOT wish to be heard and hereby make my/our submission in writing only.
