SUBMISSION ON MIGHTY RIVER POWER LTD APPLICATIONS FOR RESOURCE CONSENT

Section 145 of the Resource Management Act 1991

To: Freepost Call In
Ministry for the Environment
PO Box 10362
The Terrace
Wellington 6143

RECEIVED
23 FEB 2009

OR Email: turiteacallin@mfe.govt.nz
Fax: 04 439 7705

[Note: If you are emailing or faxing your submission, please mark in the subject line: 'Turitea Call In']

This submission relates to the applications for resource consent lodged by Mighty River Power Ltd for the Turitea Wind Farm proposal as identified on the next page.

CLOSING DATE AND TIME FOR SUBMISSIONS: 5.00 PM MONDAY 23 FEBRUARY 2009

Title: Mr Mrs Miss Ms (Please circle the appropriate title(s) or print clearly below)

My/Our Full Name(s): ELIZABETH ANNE HENDY, MICHAEL DONALD HENDY

Postal Address: 68 PACIFIC DRIVE, PALMERSTON NORTH 4410

Work Ph: 06 350 5571 Home Ph: 354 0065 Cell: 0274 330 099

Work Fax: Home Fax: Email: m.hendy@mossy.cc.nz

Please tick the relevant boxes on the next page to identify whether you are making a submission on all applications for resource consent or just some of them (please identify).

Please also indicate on the back of this form (✓) whether you support, oppose, or are neutral in relation to the applications. If you are making a submission only on parts of an application for resource consent, please note this when specifying the reasons for your submission.

The reasons for my/our submission are:

If you are attaching further information tick for yes

File attached

Please use more pages if you need to.

I/we seek the following decision from the Board of Inquiry (provide precise details including the nature of any conditions sought):

Please use more pages if you need to.

Use a clear tick in the appropriate box below (✓)

I/we wish to be heard in respect of my/our submission (to speak at the public hearing).

DO NOT wish to be heard and hereby make my/our submission in writing only.

Signature(s): [Signature]
e. a. Hendy

Date: 23/02/09

(Signature of submitter, or person authorised to sign on their behalf is required. Note signature is not required for electronic (email) submissions. If this is a joint submission by two or more individuals, each individual's signature is required.)

Use the tick boxes below to indicate the called-in applications for resource consent that your submission concerns.
Use a clear tick in the appropriate box or boxes (✓).

I/we make my/our submission concerning all applications for resource consent below

OR

My/our submission only concerns the applications for resource consent that I/we have ticked below:

Support Oppose Neutral

	Support	Oppose	Neutral
Manawatu-Wanganui (Horizons) Regional Council – Land-use Consents			
104553: for vegetation clearance and land disturbance in rare or threatened habitats, near streams and on highly erodible land throughout the general wind farm site.			✓
104554: for the construction of a double culvert in an un-named tributary of the Kahuterawa Stream as shown on the included map.			✓
Manawatu-Wanganui (Horizons) Regional Council – Discharge Permits			
104555: for the discharge of dust to air from the concrete batching plants to be located as generally shown on the included map.			✓
104556: for the discharge of dust to air from the mobile crushing plant throughout the general wind farm site.			✓
104557: for the discharge of wastewater from two operations and maintenance facilities to land to be located as generally shown on the included map.			✓
104558: for the discharge of stormwater from substations to land to be located as generally shown on the included map.			✓
104559: for the discharge of cleanfill to land in the form of spoil disposal sites throughout the general wind farm site.			✓
104560: for the discharge of stormwater from roads, turbine platforms and other areas to land.			✓
Palmerston North City Council – Land-use Consents			
RC0068: <ul style="list-style-type: none"> to establish and operate a wind farm in the areas within the Palmerston North city jurisdiction as generally shown on the included map to undertake earthworks associated with tracking and roading, turbine construction and associated buildings in the areas within the Palmerston North city jurisdiction as generally shown on the included map for the western side of Pahiatua Aokautere Road not meeting access requirements at the location shown on the included map for the storage of diesel (10,000 L) in bunded areas outside the Turitea water supply catchment, generally located at the two substation laydown areas shown on the included map, that exceeds the 0.2 effects ratio maximum in the rural zone for the construction of a 220 kV electricity transmission line and substations as shown on the included map. 			✓ ✓ ✓ ✓ ✓
Tararua District Council – Land-use Consents			
1448: <ul style="list-style-type: none"> for a wind farm (which is not listed as a permitted or controlled activity) in the areas within the Tararua District as generally shown on the included map for land disturbance of more than 200 m³ of soil and cleanfill material associated with tracking and roading, turbine construction, spoil disposal and other associated works in the areas within the Tararua District as generally shown on the included map for upgrades to South Range Road and the construction of new site access at the location shown on the included map for turbine and wind monitoring mast structures not meeting height requirements within the Tararua District for the modification of a Significant Natural Feature in Schedule 3.3 (ie, Tararua Ranges Ridgeline) for not meeting noise requirements for clearance of indigenous vegetation in the areas within the Tararua District as generally shown on the included map. 			✓ ✓ ✓ ✓ ✓ ✓

Submission to MFE on Turitea call in

While we recognise the need to provide affordable and environmentally friendly electric power generation locally, we do however also recognise the need to provide safeguards to ensure the community's health and environment are protected. We are not in principle opposed to further wind farm development in our area, but we do wish the following considerations and protections are undertaken.

We ask that:

There be set up an independent monitoring agency with the responsibility to provide regular public reports on each of the following:

1. The sound levels at any pre-existing residence not exceed a safe level;
2. There is no dust, contaminated runoff or sedimentation entering the PN water-supply catchment from any construction or turbine site;
3. To monitor the quality of the PN City's water supply to ensure there is no contamination from the construction and operation of the turbines and support structures.
4. That at any decommissioned sites, all structures and materials be removed, and the site returned to its natural state.

Further we ask that should any turbine fail to meet health or nuisance standards, MRP be required to decommission that site in a reasonable time at MRP's expense.

We request there should be an independent study commissioned to determine a maximum number and density of turbines visible on the skyline that is acceptable to the majority of residents in the community.
