

**Further submission in support of, or in opposition to,
submission on the publicly notified proposed national
policy statement for renewable electricity generation**

To the Chairperson
Board of Inquiry

(Att. Josie Beruldsen)
- Renewable Electricity Generation,
c/- Ministry for the Environment, PO Box 10362, Wellington 6143.

Name of person making further submission:

[full name and address]

Margaret Joy AYLUWARD
25 Shuttleworth Pl, Whangaparaoa 0930.

This is a further submission in support of, ~~or in opposition to~~, a submission on the
proposed national policy statement for renewable electricity generation (the proposal).

I support/~~oppose~~, the submission of:

[name and address of original submitter and submission number of original submission]

Bioenergy Assoc. of NZ Ltd,
PO Box 11595, Manners St, Wellington 6142.
Submission No. of Original Submission is "43".

The particular parts of the submission I support/~~oppose~~ are:

[clearly indicate which parts of the original submission you support or oppose together
with any relevant provisions of the proposal]

Re: Policy 5 - It is stated "Distributed energy projects
can provide a significant benefit to the local supply
of electricity in that they reduce the demand for
electricity through energy switching or they free up
gas and hydro energy for
more valuable use."

The reasons for my support or opposition are:

[give reasons]

The reasons for my support are that nuclear energy
is not sustainable in that the world supply of
uranium is only 50-70 years. This means we must
(in NZ) look to sustainable energy that will have
minimal environmental impact.

I seek that the whole (or part [describe part]) of the submission be allowed/disallowed.

[give precise details]

I believe homes set up with solar, small wind
turbines, generators & the national power will be
the future. Switching technology will enable us to switch
between them according to whether the sun or wind is prevalent
and respect to other
terms if not. Excess to go
back to National grid!

I wish (or do not wish) to be heard in support of my submission.

* If others make a similar submission, I will consider presenting a joint case with them at
the hearing.

* ~~Delete if you would not consider presenting a joint case with them at a hearing.~~
