Subject: 00100 Submission on the ETS
Date: Friday, 19 February 2016 1:25:37 p.m.

Kia Ora,

my submission on the ETS is short and to the point being:

“The Government needs to scrap the ETS, as the ETS has not and will not reduce emissions.

The ETS a scam that supports fossil fuel and carbon intensive industries at the expense of the wider community.”

Please accept this as my full and complete submission.

Jean Kahui,
