Mr Key, How many times have the public of New Zealand pointed out that NO ONE RACE OWNS THE WATER! The water comes from the skies above for all humans to enjoy, no matter how much pressure the Maoris put on you, we DO NOT WANT THEM TO BE GIVEN 'WATER RIGHTS'. This is a very frightening thought and we NZ Europeans are totally apposed to any suggestion of this ever happening. Please keep New Zealand going forward and not backwards as this seems to hint of racial dominance once again by Iwi. We Kiwis get very fed up with the on-going demands of Iwi. Regards from a Kiwi lady,
