Submission opposing the race-based control of fresh water

**Date:**

Sunday, 3 April 2016 2:53:32 p.m.

---

To Whom it May Concern,

As a NZ citizen I wish to express my disagreement to change the fresh water management arrangements in this country.

NZ is an egalitarian society - this is something each and every NZ'er holds dear and was brought up to believe.

Water management should not be race based but rather shared equally amongst all Kiwi's.

Thank-you,

Chris
