Releasing submissions

1. Do you agree that overall water quality should be maintained or improved within a freshwater management unit rather than within a region? Why or why not? No

Why or why not?

2. How should the attributes be applied, or the values protected, in giving effect to the requirement to maintain or improve overall water quality? Please explain.

3. What is an appropriate way to include measures of macroinvertebrates in the National Policy Statement for Freshwater Management? What alternative measures could be used for monitoring ecosystem health?

4. What information should be required in a request to include significant infrastructure in Appendix 3 of the National Policy Statement for Freshwater Management, and why would this information be important?

5. Do you agree with applying lake attributes and national bottom lines to intermittently closing or opening lakes or lagoons? Why or why not? Yes

Do you agree with applying lake attributes and national bottom lines to intermittently closing or opening lakes or lagoons? Why or why not?

6. What information should be required in a request to list a water body in Appendix 4 of the National Policy Statement for Freshwater Management, and why would this information be important?

7. Do you agree with the proposed requirements and deadlines for excluding livestock from water bodies? Why or why not? Yes

7. Do you agree with the proposed requirements and deadlines for excluding livestock from water bodies? Why or why not?

8. Should standards for efficient water use be developed?

9. Do you support easier transfer of consents? Do you think the changes outlined in Proposal 2.4 would better enable transfers? What other changes would better enable transfers?

10. How should the Government help councils and communities address over-allocation for water quality and water quantity? Should it provide guidance, rules or something else (please specify)?

11. Should councils have greater flexibility in how they meet the costs of improving freshwater management? For example, by recovering costs from water users and those who discharge to water? Please provide examples.

Copy of your submission

Yes. processing companies, farmers, distribution companies extracting water and on selling over seas and locally as bottled spring water.

But only councils can do this not in conjunction with iwis.

12. How can the Government help councils and communities to better interpret and apply Te Mana o te Wai in their region?

I do not agree with this race based policy, The government should be controlling and managing the waters of NZ not a small select group chosen by race. There can be no partnerships as there is no mention of that in the treaty documents, Maori have the the same rights and privileges as all other New Zealanders NOT extra.

13. Should councils be required to identify and record iwi/hap? relationships with freshwater bodies, and how should they do it? NO they shouldn't.

14. What would support councils and iwi/hap? to engage about their values for freshwater bodies? NO

15. What are your views on the proposal for a new rohe-based agreement between iwi and councils for natural resource management? What type of support would be helpful for councils and iwi to implement these to enable better iwi/hap? engagement in natural There should be none at all we are all equal NZ citizens

16. What are your views of the proposed amendments to water conservation orders? Outline any issues you see with the process and protection afforded by water conservation orders?

17. If you are involved with a marae or live in a papak?inga, does it have access to clean, safe drinking water? What would improve access to clean, safe drinking water for your marae or papak?inga?

18. Do you agree with the proposed criteria for the Freshwater Improvement Fund? Why or why not?
No Because the govt is undemocratically selecting Maori to get the funding. They are not a govt body they have no special rights over others in this country

19. Do you have any further comments you wish to make about the Government's proposals?
Yes . Stop this partnership proposal with Maori it is not democratic and water is the life blood of every living thing not just Maori.
