9. Do you support easier transfer of consents? Do you think the changes outlined in Proposal 2.4 would better enable transfers? What other changes would better enable transfers?

10. How should the Government help councils and communities address over-allocation for water quality and water quantity? Should it provide guidance, rules or something else (please specify)?

11. Should councils have greater flexibility in how they meet the costs of improving freshwater management? For example, by recovering costs from water users and those who discharge to water? Please provide examples.

12. How can the Government help councils and communities to better interpret and apply Te Mana o te Wai in their region?

In a democracy all people are treated as equal. Those people of mixed race who choose to call themselves Maori should have no more say in the management of this country than any other group or individual. This applies on a local and national level. The Treaty of Waitangi gives Maori equal status to other New Zealanders not more. Stop this State Sponsored Racist favoritism now.

13. Should councils be required to identify and record iwi/hap? relationships with freshwater bodies, and how should they do it?

Water belongs to all New Zealander's and must be controlled by duly elected representatives of the people of New Zealand.
The Treaty of Waitangi made all New Zealander's equal in the eye's of the law.

Stop this Racist Favouritism before things really get out of control.
There is no excuse for constantly handing over the taxpayers money, country and sovereignty to a pack of Slightly Maori scammers. who's plan is to gain control of all this countries assets and charge the rest of the population for the privilege of using them, without the maintenance costs of course that will remain with the taxpayer.
