

Your submission to Clean Water

Clause

What are your thoughts on the proposed swimming targets, for example, on the timeframes and categories?

Notes

Dear sir/madam. I am totally disgusted with your policy on the state of our water rivers lakes and ocean. We need to be moving towards totally clean drinkable fresh water from our rivers. This is the only standard we should have. Anything else's is pathetic and a kick In The face for future generations. We want clean water.

Clause

What do you think about the proposed amendments to the Freshwater NPS?

Notes

We want drinkable water from our rivers..full stop.

Clause

What are your thoughts on the proposed stock exclusion regulation, for example, the timeframes and stock types to be excluded?

Notes

I feel all farmed stock should be kept away from rivers. Also intensification of animals on farms should be halted. The environment is not a Business model. It belongs to us all.

Clause

Do you have any other comments on the contents of the Clean Water discussion document?

Notes

Please think about the environment as our life boat. Without it we die. Without fresh water we die. Stop thinking about profit or money and start thinking life.
