

Your submission to Clean Water

Setha Davenport, **Roderick Branagan**

Clause

What are your thoughts on the proposed swimming targets, for example, on the timeframes and categories?

Notes

It is a disgrace that the water will stay polluted.

Clause

Do you have any other comments on the contents of the Clean Water discussion document?

Notes

The whole thing is completely corrupt. There is an obvious problem, and it is being ignored for short term economic convenience....which is not convenient at all.
