Submission on the Water 2017 Consultation

Deborah Clarke

Not all of our rivers are not clean.

What are they doing ? And other factor s are not the same in the dirty ones ? And eliminate them.

Good on you the fatmers of the land and sea.

No living thing on the share market. So that CEOs don't get involved in the land or sea.

I don't want to have my name published on the MFE website, or released via OIA - no
