

# Your submission to Zero Carbon Bill

Emily Simons

## Reference no: 1654

**Submitter Type:** Individual

**Clause**

1. What process should the Government use to set a new emissions reduction target in legislation?

**Position**

The Government sets a 2050 target in legislation now

**Notes**

**Clause**

2. If the Government sets a 2050 target now, which is the best target for New Zealand?

**Position**

Net Zero Emissions - Net zero emissions across all greenhouse gases by 2050

**Notes**

Aim high, set an example, and be a leader among countries

**Clause**

3. How should New Zealand meet its targets?

**Position**

Domestic emissions reductions only (including from new forest planting)

**Notes**

**Clause**

4. Should the Zero Carbon Bill allow the 2050 target to be revised if circumstances change?

**Position**

No

**Notes**

**Clause**

5. The Government proposes that three emissions budgets of five years each (i.e. covering the next 15 years) be in place at any given time. Do you agree with this proposal?

**Position**

Yes

**Notes**

**Clause**

6. Should the Government be able to alter the last emissions budget (i.e. furthest into the future)?

**Position**

Yes - the third emissions budget should be able to be changed but only when the subsequent budget is set

**Notes**

Situations can change, technologies can change. If there is an option to make budget changes, there may be a situation where utilising more could allow us to reach the target sooner. This should be an option.

**Clause**

9. Should the Zero Carbon Bill require Governments to set out plans within a certain timeframe to achieve the emissions budgets?

**Position**

Yes

**Notes**

**Clause**

11. The Government has proposed that the Climate Change Commission advises on and monitors New Zealand's progress towards its goals. Do you agree with these functions? See p42 Our Climate Your Say

**Position**

Yes

**Notes****Clause**

12. What role do you think the Climate Change Commission should have in relation to the New Zealand Emissions Trading Scheme (NZ ETS)?

**Position**

Advising the Government on policy settings in the NZ ETS

**Notes****Clause**

13. The Government has proposed that Climate Change Commissioners need to have a range of essential and desirable expertise. Do you agree with the proposed expertise? See p45 Our Climate Your Say

**Position**

Yes

**Notes****Clause**

14. Do you think the Zero Carbon Bill should cover adapting to climate change?

**Position**

No

**Notes**

Adapting as in socially? Agriculture? There should be advice for farmers and high emission industries to help them adapt to climate change in addition to adapting to lower emission practices.

**Clause**

15. The Government has proposed a number of new functions to help us adapt to climate change. Do you agree with the proposed functions? See p47 Our Climate Your Say

**Position**

Yes

**Notes****Clause**

16. Should we explore setting up a targeted adaptation reporting power that could see some organisations share information on their exposure to climate change risks?

**Position**

Yes

**Notes**
