Philip Marten Turner

## Reference no: 1908

Submitter Type: Individual

### Clause

5. The Government proposes that three emissions budgets of five years each (i.e. covering the next 15 years) be in place at any given time. Do you agree with this proposal?

### Position

No

### Notes

### Clause

11. The Government has proposed that the Climate Change Commission advises on and monitors New Zealand's progress towards its goals. Do you agree with these functions? See p42 Our Climate Your Say

### Position

No

### Notes

### Clause

15. The Government has proposed a number of new functions to help us adapt to climate change. Do you agree with the proposed functions? See p47 Our Climate Your Say

### Position

No

### Notes

### Clause

16. Should we explore setting up a targeted adaptation reporting power that could see some organisations share information on their exposure to climate change risks?

### Position

No

### Notes

### Clause

Do you have any other comments you'd like to make?

### Notes

The proposal will reduce the standard of living of New Zealanders by 25%. This will be based on "settled science" predictions which have so far been wrong in respect of man made global warming, CO2 and their effect on the planet. The bill is complete folly.
