Submitter Type: Individual

Clause

1. What process should the Government use to set a new emissions reduction target in legislation?

Notes

None it's the biggest fraud going at the moment CO2 is not a pollutant, do you want plants to grow or not.

Clause

2. If the Government sets a 2050 target now, which is the best target for New Zealand?

Notes

Zero cost to the economy, companies, tax payers and individuals

Clause

3. How should New Zealand meet its targets?

Notes

It shouldn't have any targets.

Notes

There should be no zero carbon bill!

Clause

5. The Government proposes that three emissions budgets of five years each (i.e. covering the next 15 years) be in place at any given time. Do you agree with this proposal?

Notes

There should be no budget. This is just a big waste of net tax payer money.

Clause

6. Should the Government be able to alter the last emissions budget (i.e. furthest into the future)?

Notes

There should be no budget. It would be better to just burn the money instead, that way we would at least see where it went.

Clause

7. Should the Government have the ability to review and adjust the second emissions budget within a specific range under exceptional circumstances? See p36 Our Climate Your Say

Notes

No, because there should be no budget or target.

Clause

10. What are the most important issues for the Government to consider in setting plans to meet budgets? For example, who do we need to work with, what else needs to be considered?

Notes

This is a pile of sh1t, a fraud, and a complete waste of money just to make some pm's get a job after they've kicked out of government. Get a real f**k**g job!

Clause

Position

No

Notes

The should be no targets full stop.

Clause

Do you have any other comments you'd like to make?

Notes

Stop the virtual signaling. The science has never been settled. How can you be so arrogant to think the very very small amount of CO2 human activity has put into the atmosphere is causing climate change when it changes all the time throughout the earths history. Is is a job for sh1ts who could never earn a living in the real world. I'm sick and tired if having to pay for this sh1t forced upon me when it is such a fraud. Coming up with this proves pig sh1t has more use than you.
