**A climate law like the Zero Carbon Act is important because...**

We need to leave a better legacy, and we're smart enough to do this.

**Long-term target**

I support the most ambitious target of reducing total greenhouse gases to net zero by 2050.

**Climate Commission**

I support the establishment of an independent Climate Commission that is made up of experts and provides advice, but does not make final decisions.

**Adaptation**

I support a plan for adaptation being included in the Zero Carbon Act.

**Climate justice**

A Zero Carbon Act must be just and fair in that it honours Te Tiriti o Waitangi; ensures a just transition for workers and communities; and avoids passing on the costs to future generations.

**Further comments**

It's too hard to do right at the moment - we need to fix the system. Thankyou.
