

Your submission to Zero Carbon Bill

Michelle Griffiths

Reference no: 12969

Submitter Type: Individual

Clause

1. What process should the Government use to set a new emissions reduction target in legislation?

Position

The Government sets a goal to reach net zero emissions by the second half of the century and the Climate Change Commission advises on the specific target for the Government to set later

Notes

Clause

2. If the Government sets a 2050 target now, which is the best target for New Zealand?

Notes

photosynthesis uses carbon dioxide to help plants grow and the plants release oxygen How has that changed since I went to school in the 70's

Clause

3. How should New Zealand meet its targets?

Notes

Grow grass and plants and photosynthesis will do the rest like it has for billions of years before humans walked the earth

Clause

4. Should the Zero Carbon Bill allow the 2050 target to be revised if circumstances change?

Position

Yes

Notes

when someone wakes up to this rort and realizes NZer's are paying rich people to get richer and nothing changes

Clause

5. The Government proposes that three emissions budgets of five years each (i.e. covering the next 15 years) be in place at any given time. Do you agree with this proposal?

Position

No

Notes

Clause

6. Should the Government be able to alter the last emissions budget (i.e. furthest into the future)?

Notes

let the new incoming government decide what needs to be done Hopefully we will get someone with a brain and not a virtue signalling paying rich people for nothing but weather that has happened for billions of years

Clause

7. Should the Government have the ability to review and adjust the second emissions budget within a specific range under exceptional circumstances? See p36 Our Climate Your Say

Position

Yes

Notes

Clause

8. Do you agree with the considerations we propose that the Government and the Climate Change Commission take into account when advising on and setting budgets? See p44 Our Climate Your Say

Position

No

Notes

Clause

9. Should the Zero Carbon Bill require Governments to set out plans within a certain timeframe to achieve the emissions budgets?

Position

No

Notes**Clause**

10. What are the most important issues for the Government to consider in setting plans to meet budgets? For example, who do we need to work with, what else needs to be considered?

Notes

someone with common sense will tell you all you need to know

Clause

11. The Government has proposed that the Climate Change Commission advises on and monitors New Zealand's progress towards its goals. Do you agree with these functions? See p42 Our Climate Your Say

Position

No

Notes

more of our taxes for talk fests

Clause

12. What role do you think the Climate Change Commission should have in relation to the New Zealand Emissions Trading Scheme (NZ ETS)?

Notes

close them down

Clause

13. The Government has proposed that Climate Change Commissioners need to have a range of essential and desirable expertise. Do you agree with the proposed expertise? See p45 Our Climate Your Say

Position

Yes

Notes

common sense, very hard to find these days

Clause

14. Do you think the Zero Carbon Bill should cover adapting to climate change?

Position

No

Notes

leave mother nature do her job and stick to looking after people instead of all this virtue signalling that will ruin this great country

Clause

15. The Government has proposed a number of new functions to help us adapt to climate change. Do you agree with the proposed functions? See p47 Our Climate Your Say

Position

No

Notes**Clause**

16. Should we explore setting up a targeted adaptation reporting power that could see some organisations share information on their exposure to climate change risks?

Position

No

Notes**Clause**

Do you have any other comments you'd like to make?

Notes

until we come to our senses and realize that some people are getting outrageously rich out of this rort then we should do nothing and some people should learn about photosynthesis and stop trying to fleece the public of their hard earned money
