Please consider both monetary and non-monetary costs and benefits (those that can be measured by money as well as those that can't).

Position

Yes

Notes

Clause

9. Do you think that reasonably practicable alternatives to single-use plastic shopping bags exist in New Zealand? Why / why not?

Position

Yes

Notes**Clause**

10. How can people be encouraged to reuse multiple-use shopping bags enough times to offset the environmental impacts of producing them? (select one or more)

Notes

Support community initiatives to provide free and low cost reusable bags.

Clause

11. What would help you and your family adjust to life without single-use plastic shopping bags?

Notes

Having alternatives and not having plastic bags available.

Clause

12. How can data on single-use plastic shopping bags and other single-use plastics entering the market and monitoring of reductions be improved?

Notes

Any plastics use to be recorded and exemptions required.

Clause

13. Please provide any additional comments or suggestions about the proposed mandatory phase out of single-use plastic shopping bags.

Notes

This needs to be a first step to much more including banning plastic straws and a requirement for glass bottles. This should include reusable glass milk bottles and drink bottles.
