

# Your submission to Proposed mandatory phase out of single-use plastic shopping bags

**Reference no:** 1187

**Submitter Type:** Individual

**Clause**

1. Do you agree with the proposed mandatory phase out of the sale or distribution of single-use plastic shopping bags in New Zealand, including those made of degradable (eg, oxo-degradable, biodegradable and compostable) plastic? Why / why not?

**Position**

No

**Notes**

If a bag is biodegradable

**Clause**

3. Are you aware of types of single-use plastic shopping bags that should be exempt from a mandatory phase out?

**Position**

Yes

**Notes**

There is a need for some form of plastic bags/bin liners to be available to contain spills, biohazards and substances which could cause health issues or public offence eg. Dog faeces.

**Clause**

4. Do you currently manufacture, sell, provide or import for sale or personal use these types of single-use plastic shopping bags:

**Position**

No

**Notes**

**Clause**

5. Should smaller retailers be exempted from a mandatory phase out of single-use plastic shopping bags? Why / why not?

**Position**

Yes

**Notes**

But why aren't other solutions being proposed eg. Paper bags

**Clause**

6. If smaller retailers are exempted from a mandatory phase out of single-use plastic shopping bags and they are defined by their number of full-time equivalent employees, what should that number be?

**Notes**

No opinion.

**Clause**

7. The proposed mandatory phase-out period for single-use plastic shopping bags is at least six months from when regulations are Gazetted , subject to consultation. Do you agree with this timing?

**Position**

Yes

**Notes**

**Clause**

8. Do you agree that the benefits expected from implementing a mandatory phase out of single-use plastic shopping bags exceed the costs expected from implementing the phase out? Why / why not? Please consider both monetary and non-monetary costs and benefits (those that can be measured by money as well as those that can't).

**Position**

Yes

**Notes**

The environment must come first, however there is a lack of proposed replacement solutions. especially for containing rubbish items that will leak/smell.

**Clause**

9. Do you think that reasonably practicable alternatives to single-use plastic shopping bags exist in New Zealand? Why / why not?

**Position**

Not sure

**Notes**

But why aren't these solutions being called for?

**Clause**

10. How can people be encouraged to reuse multiple-use shopping bags enough times to offset the environmental impacts of producing them? (select one or more)

**Position**

Other (please specify)

**Notes**

Price ie. Free.

**Clause**

11. What would help you and your family adjust to life without single-use plastic shopping bags?

**Notes**

Alternatives for those things, such as rubbish liners where no suitable alternative currently exists.

**Clause**

12. How can data on single-use plastic shopping bags and other single-use plastics entering the market and monitoring of reductions be improved?

**Notes**

Electronic monitoring at check-out.
