Yes

Notes

Clause

2. We have proposed a mandatory phase out of single-use plastic shopping bags. This could include under 50 microns or under 70 microns in thickness. If you agree with a mandatory phase out, which option do you prefer, and why?

Position

less than 70 microns in thickness

Notes

Clause

5. Should smaller retailers be exempted from a mandatory phase out of single-use plastic shopping bags? Why / why not?

Position

No

Notes

Clause

7. The proposed mandatory phase-out period for single-use plastic shopping bags is at least six months from when regulations are Gazetted , subject to consultation. Do you agree with this timing?

Position

No

Notes

Clause

7a. If no, what do you think would be a more appropriate phase-out period?

Position

Other (please specify)

Notes

I think there should be more time to find a suitable replacement for plastic bags. Perhaps paper bags should become default first

Clause

8. Do you agree that the benefits expected from implementing a mandatory phase out of single-use plastic shopping bags exceed the costs expected from implementing the phase out? Why / why not? Please consider both monetary and non-monetary costs and benefits (those that can be measured by money as well as those that can't).

Position

Yes

Notes**Clause**

9. Do you think that reasonably practicable alternatives to single-use plastic shopping bags exist in New Zealand? Why / why not?

Position

No

Notes**Clause**

9a. If no, what do you think is missing currently that would need to be available?

Notes

There isn't an alternative. We have reusable bags, but they can cause the same amount of harm if they become single use, and when you are in a new area you most likely won't have a bag and won't use it again

Clause

10. How can people be encouraged to reuse multiple-use shopping bags enough times to offset the environmental impacts of producing them? (select one or more)

Position

voluntary incentive schemes by individual retailers

Notes**Clause**

11. What would help you and your family adjust to life without single-use plastic shopping bags?

Notes

An alternative to single use bag, such as paper bags
