

# Your submission to Proposed mandatory phase out of single-use plastic shopping bags

Anna Onraedt

## Reference no: 390

Submitter Type: Individual

### Clause

1. Do you agree with the proposed mandatory phase out of the sale or distribution of single-use plastic shopping bags in New Zealand, including those made of degradable (eg, oxo-degradable, biodegradable and compostable) plastic? Why / why not?

### Position

Yes

### Notes

It's about New Zealand takes actions where so many developed countries have done the same already 10 years ago!

### Clause

2. We have proposed a mandatory phase out of single-use plastic shopping bags. This could include under 50 microns or under 70 microns in thickness. If you agree with a mandatory phase out, which option do you prefer, and why?

### Position

less than 50 microns in thickness

### Notes

### Clause

3. Are you aware of types of single-use plastic shopping bags that should be exempt from a mandatory phase out?

### Position

No

### Notes

### Clause

4. Do you currently manufacture, sell, provide or import for sale or personal use these types of single-use plastic shopping bags:

### Position

No

### Notes

### Clause

5. Should smaller retailers be exempted from a mandatory phase out of single-use plastic shopping bags? Why / why not?

### Position

No

### Notes

Why should anyone be allowed to use single use plastic? (Bags, straws, coffee cups, ...)

### Clause

6. If smaller retailers are exempted from a mandatory phase out of single-use plastic shopping bags and they are defined by their number of full-time equivalent employees, what should that number be?

### Notes

No exemptions AT ALL. No is no, no excuse, no exemption, no exception.

### Clause

7. The proposed mandatory phase-out period for single-use plastic shopping bags is at least six months from when regulations are Gazetted , subject to consultation. Do you agree with this timing?

### Position

Yes

### Notes

Maximum 6 months!

### Clause

8. Do you agree that the benefits expected from implementing a mandatory phase out of single-use plastic shopping bags exceed the costs expected from implementing the phase out? Why / why not? Please consider both monetary and non-monetary costs and benefits (those that can be measured by money as well as those that can't).

**Position**

Yes

**Notes****Clause**

9. Do you think that reasonably practicable alternatives to single-use plastic shopping bags exist in New Zealand? Why / why not?

**Position**

Yes

**Notes**

If the rest of the world can do this, why not New Zealand? We haven't used a single use plastic shopping bag in years (or straw, or coffee cup, or cling foil), it's really not hard!

**Clause**

10. How can people be encouraged to reuse multiple-use shopping bags enough times to offset the environmental impacts of producing them? (select one or more)

**Position**

voluntary incentive schemes by individual retailers

**Notes**

Great idea! An app to help reuse bags? Really? You must be kidding!

**Clause**

11. What would help you and your family adjust to life without single-use plastic shopping bags?

**Notes**

Nothing, we're used to it... Although an app.....

**Clause**

12. How can data on single-use plastic shopping bags and other single-use plastics entering the market and monitoring of reductions be improved?

**Notes**

Why wasting time and money on measuring an impact of something you try to get rid of?

**Clause**

13. Please provide any additional comments or suggestions about the proposed mandatory phase out of single-use plastic shopping bags.

**Notes**

This action should have been taken 10 years ago but it is a good start, hopefully the ban of single use plastic can follow soon: straws, coffee cups, cling wraps, fruit and vegetables wrapped in plastic, bread and meat, delicatessen wrapped in bags, ...
