Clause

1. Do you agree with the proposed mandatory phase out of the sale or distribution of single-use plastic shopping bags in New Zealand, including those made of degradable (eg, oxo-degradable, biodegradable and compostable) plastic? Why / why not?

Position

Yes

Notes

We need to create conscience about single use plastic, not just bags but all single use plastic. Bags seem to be everywhere and the biggest problem. A good start

Clause

2. We have proposed a mandatory phase out of single-use plastic shopping bags. This could include under 50 microns or under 70 microns in thickness. If you agree with a mandatory phase out, which option do you prefer, and why?

Position

less than 50 microns in thickness

Notes

Clause

3. Are you aware of types of single-use plastic shopping bags that should be exempt from a mandatory phase out?

Position

No

Notes

Clause

4. Do you currently manufacture, sell, provide or import for sale or personal use these types of single-use plastic shopping bags:

Position

No

10. How can people be encouraged to reuse multiple-use shopping bags enough times to offset the environmental impacts of producing them? (select one or more)

Position

national information campaign and mobile phone app for shoppers

Notes

both, voluntary incentive and a national information campaign. We need to educate and be able to reach even those who don't want to learn.

Clause

11. What would help you and your family adjust to life without single-use plastic shopping bags?

Notes

We have stopped the use plastic for the last year or so. there is only few items at home that are still packed on plastic.

Clause

12. How can data on single-use plastic shopping bags and other single-use plastics entering the market and monitoring of reductions be improved?
