

Your submission to Clean Water

Clause

What are your thoughts on the proposed swimming targets, for example, on the timeframes and categories?

Notes

Less cows, more hemp, swimming targets met at a much more efficient rate

Clause

What do you think about the proposed amendments to the Freshwater NPS?

Notes

Not doing enough

Clause

What are your thoughts on the proposed stock exclusion regulation, for example, the timeframes and stock types to be excluded?

Notes

My thoughts are that it only looks like you are doing something to make it look like you are doing something, which is just the bare minimum. Nothing survives this way. Go harder.

Clause

Do you have any other comments on the contents of the Clean Water discussion document?

Notes

Take it seriously. Our land is no longer just a "hippie" issue, it is screwed and needs serious, long term plans to restore it.
