Subject: Freshwater Reforms 2013 and Beyond

Hello,

I understand your Ministry is accepting submissions on the proposed Freshwater Reforms, 2013 and Beyond. I wish to make the following submission.

As a bottom line, we expect that our rivers will be fit to swim in, not just to wade and boat in. Irrespective of what bottom line standard is set, we will continue to swim in our rivers during the heat of summer, so setting the standard too low will result in increased expenditure against the health budget.

Regards,

Robert Monk.
