

# Your submission to Clean Water

KEVIN GIBSON, **Craftsmans Creations** [REDACTED]

**Clause**

What are your thoughts on the proposed swimming targets, for example, on the timeframes and categories?

**Notes**

The proposed changes are a disgrace, raising the standard would be much more appropriate than lowering it to supposed European standards, why follow when we could lead?

**Clause**

What are your thoughts on the proposed stock exclusion regulation, for example, the timeframes and stock types to be excluded?

**Notes**

It should happen immediately not in however long the National Party sees fit.

**Clause**

Do you have any other comments on the contents of the Clean Water discussion document?

**Notes**

Charge for the supply of water taken from our aquifers etc. and then on sold for profit
