

Your submission to Clean Water

James Arthur Graydon

Clause

What are your thoughts on the proposed swimming targets, for example, on the timeframes and categories?

Notes

The time frame is far too generous and won't prompt any immediate action

Clause

What do you think about the proposed amendments to the Freshwater NPS?

Notes

Lack of specifics re how compliance is to be enforced leads me to believe it won't be.

Clause

What are your thoughts on the proposed stock exclusion regulation, for example, the timeframes and stock types to be excluded?

Notes

Too little, too late

Clause

Do you have any other comments on the contents of the Clean Water discussion document?

Notes

More talk, more professions of good intentions and 'aspirational' goals with no concrete immediate steps to stop the rot.
