

Your submission to Clean Water

Mia Griffiths

Clause

What are your thoughts on the proposed swimming targets, for example, on the timeframes and categories?

Notes

This is an absolutely crock. Some of our swim holes like chamberlain ford under this new target would be swimable??? Have you seen it? It's disgusting green sludge. All our lakes and rivers should be top priority as this is what we sell our country on. PURE NZ!!

Clause

What do you think about the proposed amendments to the Freshwater NPS?

Notes

PLEASE our waterways are our biggest asset and not for sale. Stop giving our councils power to give resource consent to farmers and companies to strip our rivers dry.

Clause

What are your thoughts on the proposed stock exclusion regulation, for example, the timeframes and stock types to be excluded?

Notes

Not really read but we have to keep animals out of waterways and protect them as best we can. We need huge fines imprisonment even not these pathetic slap on wrists wuth wet bus ticket! !

Clause

Do you have any other comments on the contents of the Clean Water discussion document?

Notes

Just restore our water to the best that it should be and don't sell it!!!
