

Your submission to Clean Water

Robert McAlpine

Clause

What are your thoughts on the proposed swimming targets, for example, on the timeframes and categories?

Notes

Thats not a target for swimmable waterways. More shit equals bad water quality. Kinda like you shit politicians

Clause

What do you think about the proposed amendments to the Freshwater NPS?

Notes

They're merely number shuffling and have zero effect on improving actual water quality. How about stepping down and letting somebody that cares about New Zealand do the job you're so useless at.

Clause

What are your thoughts on the proposed stock exclusion regulation, for example, the timeframes and stock types to be excluded?

Notes

Doesn't go far enough and isn't happening fast enough.
