

# Your submission to Clean Water

 Callum McDonald

**Clause**

What are your thoughts on the proposed swimming targets, for example, on the timeframes and categories?

**Notes**

Not good enough.

**Clause**

What do you think about the proposed amendments to the Freshwater NPS?

**Notes**

I think it is going to allow more emphasis on profit over environment and the land we live in will suffer

**Clause**

What are your thoughts on the proposed stock exclusion regulation, for example, the timeframes and stock types to be excluded?

**Notes**

No stock needs to be near waterways.

**Clause**

Do you have any other comments on the contents of the Clean Water discussion document?

**Notes**

I think there is too much involvement in political circles maneuvering the remaining clean water we have to a profit for a few people only. The land is and will continue to suffer. My voting preference will need to change this time around
