

# Your submission to Clean Water

Russell Poulston

**Clause**

What are your thoughts on the proposed swimming targets, for example, on the timeframes and categories?

**Notes**

Swim able means exactly that. I used to swim in the Pareora river and at Te Moana Gorge. Now they are not swimmable

What are your thoughts on the proposed stock exclusion regulation, for example, the timeframes and stock types to be excluded?

**Notes**

I do not know the timeframes. I do know that there is too much dairy. Simonds station now has approval to run dairy. That will change the very essence of the Mackenzie basin. That must not happen.

Do you have any other comments on the contents of the Clean Water discussion document?

**Notes**

Clean it up. I post on Facebook that the water in NZ is dirty and advise tourists not to visit NZ.
