Submission on the Water 2017 Consultation

Laura Trevor-Roper

To the Environment Minister,

Your watered down standards are NOWHERE NEAR good enough.

I personally tend to get sick after swimming in my local swimming spots, but there is no alternative as OUR LOCAL BEACH is filthier than our river!

I would be a lot happier in knowing that you are going to fix the standards properly in order to maintain beautiful swimming spots where it is still possible!

This is NEW ZEALAND, We pride our selves on how beautiful and pristine our country is but how can we say this in confidence if we can't even swim in our water!

Sort it out! Keep New Zealand Green!

I don't want to have my name published on the MFE website, or released via OIA - no
