**Date:** Sunday, 10 May 2015 3:49:12 p.m.

---

Sir Madam

My submission from Basil Walter Walker is

*Cease to expend any more funds on a needless exercise that has accounted for no progress for New Zealand or the World.*

*Withdraw New Zealand without further procrastination from further Climate conventions.*

*The Al Gore and James Hansen era is now indisputably, Misconduct in Office.*

Basil Walker
